

The Rev. Lee Van Ham

Jubilee Economics Ministries

Biographical Statement

For the past 12 years I have been working on an economy that fits one planet. Biblical and theological sources are part of this work as is spiritual practice or discipleship. I believe that in this critical decade, 2011-2020, 2020 Congregations will make a one-Earth economy a matter of spiritual practice. This work follows on 32 years of pastoring in 3 Presbyterian congregations (PCUSA) in the midwest -- Chicago region and Lincoln, NE. I now live in Lemon Grove, CA, with Juanita, my spouse, and focus my work in Jubilee Economics Ministries, a non-profit. See www.jubilee-economics.org for more.
