Empowering Individuals with Intellectual Disabilities Since 1959

Peppermint Ridge serves approximately 100 people with developmental disabilities. Peppermint Ridge provides 12 loving homes located both at our main campus, as well as throughout the Corona community. We also provide coaching services to those individuals with disabilities who live independently through our VIP program. We continuously challenge ourselves to provide the best support we can to those we serve.

The Ridge goes above and beyond to provide more than just basic care to our residents. We provide a sense of community, active citizenship, and empowerment to those we serve. Our residents pursue their own desires and fulfill their individual goals providing the "Ridgers" with a greater sense of independence, fulfillment, and dignity.

Peppermint Ridge helps those with developmental disabilities understand their rights, how to exercise them responsibly, and supports them in making positive choices to the best of their abilities.

We are invested in ensuring our residents live an enriched life by providing an extensive list of activities and programs for our clients.
Here are just a few:
- Arts and Crafts
- Beach trips

As of 2023, those seen here still happily reside at The Ridge.

- Birthday parties
- Holiday celebrations
- Horseback riding
- Yoga
- Self-Advocacy training
- Gardening
- Swimming
- Community events
- Music

We encourage our residents to live their best lives and fulfil their dreams by embracing their individual abilities and interests.

For those who may be interested in joining the remarkable staff that serves and supports the Peppermint Ridge mission and the "Ridgers", we offer amazing opportunities such as career advancement, and volunteer positions. For those with a loved one with a developmental disability who would like to explore Peppermint Ridge as a community for their loved one, we have openings available for new residents. Please visit our website for more information on how you or your loved one can be a part of our growing community.
